

### **You can contact us here if you need support (0500-49 80 00)**

- Locus open care and advice for young people with substance abuse/risk abuse problems and parental support.
- Kojan, support group activities for 7-19 year-olds in a family where someone either abuses alcohol or drugs, or feels bad psychologically.
- Field secretary, advice and support
- Network coordinators, coordinating work with children and young people aged 0-18. There could be a crisis or problematic situation - the point of departure in this work is to look at each child/youth in relation to their social network. Social network means all the people around the child, such as family, friends, neighbours, doctor or other persons.
- Group meetings for parents of 3-12 year olds who want to develop their parenting. Parental support programme for parents of 12-18 year olds who need to improve communication with their children.
- The family team acts as a support for families with young people of 13-20, when interaction in the family needs to be improved.
- Drug prevention coordinator.
